

# Brita Horn

*for Colorado GOP Chair*

January 16, 2025

FOR IMMEDIATE RELEASE

## **Diverse Group of Republican Leaders throughout State Endorse Brita for Chair**

McCoy, CO - Today, Colorado Republican Party State Chair candidate Brita Horn unveiled the endorsements from over two dozen of some of the most respected and influential Republican leaders across the state.

“I am humbled and honored by the outcrying of support I have received thus far after announcing my campaign for chair,” said Horn. “Many of these endorsements come from grassroots leaders, activists and candidates I have worked with in the past and have seen my drive and work ethic up close,” continued Horn. “I think this speaks volumes about my ability to build relationships, one of my three priorities as your next state chair,” Horn concluded.

“Colorado Republicans, more than ever, need a chair who can unite us, Brita Horn can do that, said Heidi Ganahl, former statewide elected At-large member of the University of Colorado Board of Regents and 2022 Republican nominee for Governor. “We have been on the front lines together in Colorado politics for a decade. As chair, I know Brita will be working from day one to ensure 2026 will be the best year Republicans have seen in a long time,” finished Ganahl.

“Republicans need a chair who will not divide and attack our own party, but rather unite us and stand with our candidates and elected officials,” said newly-elected State Representative Ryan Gonzalez. “I am supporting Brita for state party chair because I know she will do everything she can to help candidates like me get elected and remain elected,” Gonzalez added.

In addition to Ganahl and Gonzalez, Horn is proud to announce the endorsements of:

**Ryan Armagost**

Horn's volunteer organizing skills and leadership ability has also been recognized by officials outside of the state. The Conservative Political Action Conference (CPAC) headquarters said "Brita is an integral part of the team that puts on CPAC in DC 2025 as she handles our Volunteer Teams during the event. She does an amazing job energizing and mobilizing all of our volunteers each day."
